FDA Colleagues,

We look forward to speaking with you tomorrow regarding the Seresto review.

In advance of the meeting, we thought it would be helpful to share some general background on our Incident Data System and enhanced incident data for Seresto and other Elanco products. We will probably not have time to cover the slides in extensive detail during the meeting, but the slides relate to agenda items 3(b), 3(c), 4, and 5 and will hopefully help set the stage for future technical meetings.

Please let us know if you have any questions or comments in advance of the meeting.

Many thanks,  
Jackie
